

## **Action taken on curriculum feedback for session 2019-2020**

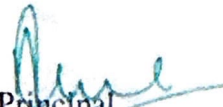

Feedback given by the stakeholders were analysed and suitable action was taken so as to satisfy the expectations of students, parents, teachers and alumni. This further helped us to improve our curriculum as per the expectations of the stakeholders.

### **Analysis of feedback**

- The analysis of the feedback clearly depicts that all the stakeholders are well satisfied with the curriculum development.
- It is evident from the students' feedback that few of them expressed the need for a more interactive and practical-based teaching and learning approach.
- It is observed that more reference books in the library are required.
- Professional development courses cum Skill Development Training Programme need to be started.
- Feedback analysis suggests that more facilities and infrastructure are required in the college for research activity.

### **Action taken-**

- Initiatives were taken to set up smart classrooms in the college to make the teaching and learning process more interactive and interesting.
- The teachers were advised to strengthen the areas of concern highlighted in the student feedback report and were asked to undertake a more experiential teaching and learning process and make better use of digital aids for enhancing the teaching and learning process. Field interactions, an educational tour, a nature walk, and industrial visits were organized to make the curriculum practical and interesting.
- Library resources were updated with more number of reference books.
- Teachers were encouraged to take up more research based projects and to join/organize more faculty development programs, conferences, seminars, and workshops.
