

Action taken on curriculum feedback for session 2020-2021

Feedback given by the stakeholders were analysed and suitable action was taken so as to satisfy the expectations of students, parents, teachers and alumni. This further helped us to improvise our curriculum as per the expectations of the stakeholders.

Analysis of feedback from suggested-

- More research facilities and infrastructure are needed in the college.
- Library facilities must be augmented to meet the current requirements of the students to enable efficient learning.
- Industrial visits and field trips are required for holistic student learning.
- Faculty-student interaction may be enhanced. Smart-class programmes may be made effective.
- Capacity-building programmes may be organized for staff to upgrade their skills and professional development.

Action taken-

- In view of the COVID-19 pandemic, colleges were closed most of the time across India as part of a nationwide lockdown in session 2020-2021. So the main action was taken to make online teaching more effective. The teachers and students were encouraged to organize or attend online webinars, conferences, seminars, and workshops to improve their knowledge, learn new skills, advance their careers, and deliver quality educational experiences at scale.
- Initiative was taken to set up more smart classrooms and virtual classrooms in the college to make virtual teaching more effective.
- Capacity-building programmes were organized for both teaching and non-teaching staff. Faculty members had participated in the FDP programme organized by IQAC.
- Teachers were asked to provide lists of new books and journals to upgrade the library's resources.
