Suggestions

According to me almost everything is fine.

We just need better games/playing opportunities in college and we also have to work in better safety of students as well as that of teachers in college campus.

1. Increase practical applications in academic curriculum.

2. Introduce more interdisciplinary courses.

1st year students should be given more preference in all spheres as they are new in the college.

Thankyou for asking this question....A student lacks in studies because they can't able to relate that topics in their daily lifeIn school colleges All the teachers and students are focusing only one thing that is completing the syllabus and obtaining 3 marks ...In this process we forget the real meaning of Learning ,understanding and studying . First cause is student is not confident..One fear is always in their mind if they tell the actual problem to teacher then teacher will cut their marks in CCA . Nowadays the bond of teacher and student are not strong it is also a big problem.... Students are forgetting their basics that's create big problem If the students pass the examination then next year he/ she gets more depper concepts books ...The teachers gives their lecture and students not catch them. Then he / she loses their interest feeling depressed and didn't study ...

How we overcome to this situation:-

1) Everyday gives a chance to student for summarising the previous day lecture .

2)Do more and more practical sessions and making bond with students..I think weaker students needs more attention than intelligent students then they feel confident and understand the concept very well.

3)Revision is very important so please choose one day for evaluation and solve the problems of every student

4)Needs 20 -30 computers in computer lab.Because we gain only conceptual knowledge not practical knowledge in computer lab.So for understanding computer in a better way we needs computer.

5) We need new apparatus in physics lab because old apparatus didn't giving exact reading

That's it from my side in academic part now my opinion in Co circular activities given below:-

A group leads when the group leader gives right direction to group members..I am the member of Rover and Ranger group and here the condition of R&R is not well .I requesting you Principal Sir please give some attention for R&R group ..Thankyou

Please forgive me for any mistakes

Thankyou so much

A little more effort should be made to boost the sense of discipline among students which will increase the overall decorum of our educational institute.

Academics of my department (commerce) was 5. No changes required as such. 3 teachers shoul remain in this college only. I have no idea about other teachers but maximum of them are the best.

More strict rules and regulations should be made for any sort of physical ragging & physical fights. Moreover party system(politics)and wards bringing their own vehicle near college premises should be abolished completely. As it creates more fuss and problem for the ones who are walking on the road as the road is not that wide enough.

Strict punishments and straight actions should be taken against such cases.

Girls washrooms should be cleaned on daily basis, even after morning shift once at evening also , or maybe thrice a day, as they stink like hell.

Students should not be allowed to write anything on their desks or benches. Teachers should keep a check on this strictly. Furnitures will be much more clean and remains presentable in this way. I personally used to feel a bit embarrassed about our furnitures whenever any guests came from outside of the college. This portrays a bad image of college everywhere.

Thanks

All academic and co-curricular activities needs improvement ,kese krni hai vo aap jano

All things are 3 but we should stop these parties in the campus bcz of it the violence is created in the college..

Ask more students if they want to participate in sports.

Ban on student political parties because of increased violence and crime in clg

Be picky about extracurricular activities , manage your time, learn to prioritize , take break, get advice form an academic advisor

Benches

Canteen

Check id cards daily..!

Clean the washrooms of college

Clean washroom and drinking water arrange management..

College ma pani Ki suvidha achi honi chiya. or clg ka gate par sabhi bacho ka I cards chack hona chiya Taki outsiders na a saka. Clg ka Andar political batch lgna allowed nhi hona chiya Taki Isa Apas ma ladyi jhagda na ho. Auditorium Ki sound system change Kiya Jana chiya kyuki uski Awaj Sahi SA nhi ati ha .At last boys washroom clean hona chiya kyuki vhma pa bhut gandagi Hoti ha .

College me hostel provide hona chahiye

College washroom me Pani ni ata kbhi kbhi vo thik hona chahiye or washroom me mirror tute ve hai

Create partnerships with local organizations for service learning and community engagement.

Cricket Ground in College Ground

Discipline rules

Drinking water facility should be clean,
And the washroom should also be cleaned

Drinking water is not regular in college

Encourage programs that integrate multiple disciplines to foster broader thinking and innovation.
Create partnerships with local organizations for service learning and community engagement.

Everything is fine but the chaos and problems caused by student parties (SFI, ABVP, NSUI) spoil the decorum of the college. Student parties should be there for the assistance of the students but they just cause disturbance and spread agendas of their related political parties. I believe there is no need for them in our college and they should be disbanded permanently.

First' is compulsory to all students parties pate in all actives.
Second is provide all facilities for students activities.

First of all i want you to increase the sitting space in library.
And improve the cleanliness of girls washroom in science department.
Thank you.

First one is please there should be dustbin and also drinking water and collage students ko other collage ki trha caot compulsory hone chaiye

First remove all the parties and gangs from the campus.....

Functions of the college held by students or college should be less so that teachers will not get tired .

Girls toilet cleanness and improve drinking water facilities.

Give more emphasis on skilled (practical) knowledge rather than theoratical knowledge.

Group activity must be there in improvement skills and confidence.

Guest lecturers can be invited to educate students more about the scopes in their respective field of study.

I am facing a problem with drinking water. Time Table of Experiment Classes and Practicals are not clearly available. Many times I have missed my practicals because of this reason.

I am fully statisfied with all department of my clg.

I have no specific ans about it because all facilities are available in our college

I like the faculty and I feel I had the best environment for my studies. I learned many new things from my teachers who were very helpful in every way they could. The teacher-student interaction was great. The teachers were very friendly because of which I could clarify many of my doubts.

I may not have expertise over this field but if an ug level entrance is conducted rather than merit of previous standard that may be helpful for students to get admission and will improve academics of college .
There is no seriousness and awareness about extracurricular activities improvement in those area might help.

I really don't have any suggestion for you because i am not 3 at these things but what i can tell is that these activities are not on par with students expectations and students are not happy about studying minor sub. Like hindi if they are doing b.com because they don't see any benefit in studying hindi if there medium is english

I suggest that students will respect there teachers and elders because I saw our teachers is supportive and kind and our elder treat us kike we are friends

I suggest that the decipline of few students is not 3...

And some students are not the official student ,are regularly coming to the college campus.

And doing some irrelevant problems.

Suggestions is that college pass were regularly checking in the gate of college while students enters in college.

2) The [Student Political Parties]were be banned in college like. {(SFI, ABVP, NSUI, Others!}

For 3 college ecosystem....!

3) college where not well covered by gaits.. Well {[non-college students]} are come inside rather than main entrance gate!

4) The playing filds are not giving to student for playing.

And gym will not open for others students.

Wee need sefty, security, decipline, 3 environment , strict reactions, political parties restrictions!

We have to take strite decision !

That's all...

I suggest the teacher to maintain the strict laws for the students they fighting each other in college campus

I think there is a hostel for students and also play groud

I think there is likely 3 amount Co-Curricular activities happening in our college. Our college should focus more on it...

I want all students to participate in it

i want it a little advanced

I will improve my academic session .

If there are no classes then teacher should inform on WhatsApp group, otherwise the students have to travel a lot due to which both the fare and time gets wasted.

I'm totally satisfied with all the activities..

improve cleanliness in washroom and not 3 quality of food in canteen

Improve everything like canteen, washroom, water supply, class rooms etc.

Improve infrastructure and some need for practical learning and development of ones actual skill set that is actually useful in life

Improve opportunity in extra activites and sports and help students exposure to work

Improve washrooms conditions

In our college there should be a complaint box in which students write any douts

Infrastructure improvement and updating the cources is essential,for betterment of students and meeting the job industry standards

It's 3 but this chance will give all the students of college equally

Jai hind

Lectures should be not very fast and for sport competition there should be open trail for all other department students.

Little strictness is necessary in the college for academics.... Monthly tests are important.....regular classes.....organised..... And for curricular activities , har student ko chance milna chachiye ...

maintain the discipline in college not allowed students from different colleges
Maintain a Discipline in College and outside also and regular classes time
matches should be conducted for entertainment and mood lighting
Maintain discipline
Monthly tests should be taken by teachers
Moral Development activities should be included in curriculum
More activities should be provided to the students as per their choice to enhance more involvement of students.
Most importantly curriculum is too old and needs to be updated. Debating society and literary society should be created for the students
My suggestions are basically towards much more cleanliness especially in boys washroom and another is about clerical department that they should cooperate with students with more gently and should be available in working hour time and another is about discipline in campus and at least its about maintenance of hygiene and cleanliness should be concerned .
My whole year was fantastic. Thankyou
Neat and clean class room and wash rooms Students should be physically strengthened
No suggestions for college but every student looks so tired to come to college like it's punishment. so make it more fun place. And organise some sports activities.
On field teaching needs to be improved and sports of the college should be better than it is.
Organise workshops invite guest lecturers Collaborate with industries Host events and competitions
Our college is best in academics and other curriculum activities. I don't have any suggestions for the improvements.
Our college is best we have doing work to become our college in excellence list
Overall maintenance of the college can be much better.
Pair students with faculty or industry professionals for guidance and support.
Party system may be started in a college..
physical development activities
Please avoid student politics from our college!
Please provide b.com 1st year Hindi professor
Please share the information about co-curricular activities on WhatsApp groups. Area around the Notice board is really messy.
Plz clean toilets and facilitate the college and provide 3 quality of water
Plz provide water in the washrooms each boys and girls 24 and 7 hours
Principal should be active in monitoring the activities of teachers....
Proper time to time monthly tests must be taken for academic improvement
Provide more computers in library, allow college to take students from their department to educational trip once in a year , provide marital art class in college, and about my experience my history department teachers took us more than 3 times to state museum to join seminars and workshops those are really helpful and canteen food was amazing healthy and hygienic. And I also want that sports teacher encourage more children to join sports not as a subject but as a hobby after completing their class provide some rackets, taekwondo equipment for practice that's all I want . Thankyou so much for providing such facilities .
Self defence techniques for females and clean washrooms
Small improvement
Some teachers should be less arrogant
Sports activities should be there

Strong restrictions on non college students no entry should be entertained with college id and ban on college party system such as sfi abvp etc it spoils whole decorum of college.

Support the students equally either are they boys and girls

Take step for stop smoking in College by student in washroom or ground side.

Teacher should improve their behaviour with students and should give equal assessment to everyone not for their close students thats what I can say

Teacher should be strict for their classes . many teacher dont complete their syllabus on time . Students as well as teacher are very irresponsible sometimes .

Teachers should inform in the morning, in case there is no class on that day. Students travel from long distances and after reaching college they get to know that there's no classes on that day.

Teachers take classes regularly..And most of the time teachers don't inform students wheather they are taking class or not which creates difficulty to a student who are coming from miles away just to learn things ..

The college library, situated directly beneath the college auditorium, suffers from the lack of soundproofing, making it difficult to concentrate amidst the music playing overhead. Improving the soundproofing would greatly benefit students.

The interior of the college is 3 and the staff is too much 3 and the way they teach us is 3 also the principal sir is very humble and kind hearted person and also teachers but washroom is not proper cleaned and there is always shortage of water in washroom hygiene is more important so I want to request to maintain hygiene in washroom and make sure there will be no shortage of water in college ☐

Their should be sports competition in the college

There should be college uniform for students .

There should be discussion on practical and skill enhancing topics rather than theory.

There should be given more preference to sports , and we don't have a cricket ground in nearby our college in shimla , even there are no big playground in whol shimla

There should be less function in our college

There should be nets for playing cricket...& trials also...☐

There should be uniform for students.

Sports activities for students

They only search for the students who are 3 in culture and other activities they didn't try much to improve those who are not 3 in culture.

To clean clg campus and treat all students equally .

To improve the condition of girls washroom

To improvement in academic and Co-Curricular Activities of the College Teachers should conduct class tests for students two or three times a month.

To recognize a education tour in different botanical Institute and fund raised by govt. Is 2ly used upon the students.

Washroom ko ek din chodke ke clean and drink water ke liye aaro ko saff and pani hona chayee

Washrooms must be clean

We must teach through digital medium.

Important information should be told to the students a little early like information about youth festival.

Arrangements of Drinking water and seating should be made in the college. Thankyou

We need a ground and cooler, and teachers staff .

We need cleanliness in washroom. Clean drinking water. cleanliness in canteen.

Whole of the education system is 5

Work should bs done fast

डिजिटल शिक्षा: डिजिटल पढ़ाने के साधनों का प्रयोग करके शिक्षा को और रोचक और अधिक उपयोगी बनाने के लिए तैयार होना चाहिए। अधिक संवाद: शिक्षार्थियों के साथ अधिक संवाद करने और उनके विचारों को सुनने के लिए मौके बनाने चाहिए।

सफाई और बढ़िया से हो सकती है, college ka play ground बढ़ाना चाहिए , etc.

Suggestions received from the faculty members

1. Coordination between University and college needed to be improve.
2. Biometric attendance of the students should be there, so that students attend the college regularly .
3. Very good atmosphere for both teachers and students for teaching, sports and co- curricular activities
4. Hostels facility is missing in college , so college administration should take steps in this area
5. More Seminars/ conferences, workshops should be organised in the college.
6. There should be practical knowledge given to the students in our subject for the well usage in engineering through set up of mathematical labs.
7. Provide facilities for physically challenged students.
8. There must be regular seminar/webminar and workshop for students and teacher
9. Hostel Facility will take this college to next level
10. Need more books in the library

11. Cleanliness in Washrooms need more attention
12. Some old furniture need replacement
13. Canteen needs a revamp and attention on matters of cleanliness
14. CSCA room ,infirmery to be ear marked
15. Collection of 5/- (teachers day) should be included in the fee.. if possible to save the extra time spent of collecting a meagre amount
16. Invest in integrated management systems that automate routine tasks.
17. The institution is working perfectly well according to the guidelines provided.
18. funding to support research, collaborations with industries to generate employment, Internships for students by collaborating with R and D or other Institutes for training/ hands on experiential learning.
19. Conferences, seminars and workshops should be organised
20. There should be a museum for history students in the college campus that they can visualize historicity of the topics.
21. More autonomy to the institution can improve things.Overall it's a great institution.
22. we need more IT equipped classrooms for professional courses so that high paying students get best education and their value for time

Suggestion for Improvements
All over good
Improvement is good
Please improve canteen food specially chai ☐
There Should be no assignment work given to the students
Classes timing
Ldai vgera se bchao
Good
To aware all the students about the drugs
Bus pass should be made from the Bus stand and boys and girls hostel
Everything is good for me.
Institute can improve on the feedback on the clerical ,administrating departments and some teachers really doing commendable job like history department etc. but some of others should focus on teaching , and in the institute the department and other officials can follow much more cooperative behaviour towards their students rather then not giving much attention towards the student that really seeks help from them .
Keep working on it
My suggestions for improvements is that Teacher of a particular subject can take quizzes and tests of the students after completing a course so that teacher can know how much the student know about the topic and the student can also ensure how much he/she needs to improve in that particular subject.
Discipline student , keep the college area clean and the area around the college should be safe like no fallen trees block road etc
More attention to be paid on maintaining institutional discipline and sanctity.
No any improvement
The first thing you want to do is to be clear about what you believe will help improve the team function. Write it down in a clear, concise and complete manner. Then determine how it will help, what is required to make it happen, how realistic it is, and what you are willing to do to contribute to the process. Test your assumptions. How do you know that what you propose is a better option? Ask your manager if you could have a meeting to share some ideas you are working on that you believe will help the team function more effectively. Be humble. Be clear that these are ideas you have based on observations and that you have done your best to vet them. Be clear that you understand you don't know everything that a manager has to consider when implementing new ideas and that you appreciate the opportunity to share your ideas.
Compulsory classes rojlgnicchiye.
Along with the mental health of students, physical health is also important.
Everything is fine for now
Student k liyeaccheprakar k desk available ho
There should be clean drinking water and clean class and campus. Quality of food should be increased and clean
focus the students studies
Decipline in college
Take proper classes also
I don't have any particular suggestions, education and facilities are quite good in this college.

Take attendance of children daily, teachers conduct their classes in college daily.
Good
There should not be these slogans in college and these groups of different parties among the children, all these are having a bad effect on the children.
Need to be work on the decipline and committee for the same
No suggestions keep going make the bright future of students
maintain discipline
All fighting kids should be expelled from college..And cleanliness should be taken care of in the canteen.
The food in the canteen is fine but some attention needs to be paid to cleanliness
Investment program like atal pension schemes, mutual funds should be mentioned to every student because today earning is not difficult but investing knowledge should be there
Improvement in college ground and canteen food
Education toor must be their to explore the different places nd riots should not be their in the campus by any party, guards must be recruited Nd sloganeering like (jai shri ram) based on religion must be prohibited nd peace must be maintained.
Improve your washrooms.maintainhygeine and there should be proper supple of water..the main problem is with washrooms and water supple
I have no suggestion...
Offer workshops on study skills, time management, and stress management.
Extra-curricular activities are a valuable investment in your future, with research showing that students who participate in activities outside of their studies tend to have higher grades, better exam scores, and more positive educational experiences in general.
Have better and cleaned campus
Plzzz...be maintain decipline in the clg
Everything is good in college campus.
Good
Students should Stop from talking drugs
Improvement in decipline and giving individual attention to everyone
Give less assignment
Please pay extra attention to tha water problem and discipline.
More functions snd students interaction
All good
Everything is good.
It's already very good
Keep doing ☐
Everything is good...

Question: Kindly mention some areas where college can improve.

Response:

Research activities for teachers and students should be encouraged in the college.

Carrier guidance

More collaborations exchange programs needed

Central heating system in classrooms can improve the presence of students in winters.

By Increase in enrollment

Students personally development and employability

Institution is under construction and gradually fill all requirements of students

Hostel facilities

Tecnology integration

Computer section

By providing more opportunities to students in education and other activities

In matter of disclipine and Parking

Infrastructure and other classroom facilities

Ground, Toilets and Form submission etc.

Focus on teaching rather than maintaining attendance register.

Extra Curricular Activities

improvements should be made towards infrastructure and facilities

Fees counter and that whole section including second office attached to that

Canteen and clg ground

Kindly try for the hostel facilities too since students from all over the HP comes to get educatuion there.

Parking area

There is no scope of Improvement. Change whole teaching staff with upgraded skilled teachers which can help students for there bright future.

Financial resources

Provide hostels, kill oriented,industry oriented lab facility

Improve cleanliness

Can make improvement in student politics by taking strict actions against those Found guilty in any matter.

Administration.

Use of more technology during lectures.

More class time i.e atleast class should be of one hour.

Motivate students to push the limits.

Extra curricular activities should be encouraged.

Teachers should be given the training on modern technology.

Counselors or Mentor should be appointed in college.

Some of the technology experts could be hired for some time.

play grounds

Study environment should be prepared

On the reputation and to change the point of view of people towards the name of this college.

Botanical gardens

Canteen

Need to introduce some advance vocational courses

Discipline

Giving chance to more students in sports

Cafeteria should be improved and boundary wall or fencing should be done for restricting outsiders entry like coe sanjoli college

Politics

1. Proper sanitation of the washrooms

2. College trips for science students

Question: Give your suggestions to improve the relationship between the alumni and the College.

Response:

Regular interact of alumini with the students should be ensured through camps, cultural activities, sports and interactive sessions.

Should be regular intervention between college and old student

Alumni meet twice in a year

More participation of alumni in academic and co-curricular activities

Organizing annual or regional alumni meetups, both in-person and virtual, would help maintain stronger connections between alumni and the college.

By organising get together

Regular interaction

Can invite alumni to annual functions and college social media pages updates about college already maintain good connections

Regular alumni meet

1. Communication with alumni

2. Alumni Event & mentoring program

Everything is okay just build you relation just like friends and have healthy queries regarding your future plan don't just set your limits to college curriculum

Would help for the coming generation and their development

Regular meetups

Regular communication and guidance and suggestions

Teachers and students should be friendly

Annual meet

Regular Meetings of Kotshera Alumni Association

Regular alumni meetup

Google form asking for opinions, and taking suggestions is one of the best ways to do this.

Reunions

Increase the students and teachers relationship and good behaviour

Stay in touch whenever possible, be it through online or offline medium.

I don't have any suggestion

There should be some meetup twice or thrice in year.

Use regular communication channels for a strong alumni network. Offer mentoring opportunities

Make more contacts corporate, research labs, industry etc.

Regular meetings should be there

Atleast be in contact with alumni, guide them, support them if doing higher education or job and any others.

Stay in touch with them.

Make them feel they are the like the family.

Invite them for interactions in between the sessions.

all are same

Do things to increase students' participation in every activity

Should arrange, get together where alumni of the college would be invited and let them share their experience with teacher.

Be responsible

NA

Constant touch

Keep in touch with faculty members

Stay same as you are now

Passed students need employment oppertunity so they need to be called for the interview in the case of ground staff recruitments and should invite in employment fair if any held in college

It can inly happen when you will take ex or serving professors into consideration and take there points to improve.

Regular alumni meetings
